

Hi student!

Do you have questions or concerns about money?
We help citizens and students from Utrecht.
Always free of charge.

Changes in your life can affect your finances too

Are you getting a (new) job? Do you have questions about your rent or taxes? Or do you want to know the financial consequences of quitting your job or study? At de Geldzaak we find out what you are entitled to. Maybe you get a tax refund or allowances, such as **health care allowance** (zorgtoeslag) or **rent allowance** (huurtoeslag).

Can you make ends meet each month? We can make a budget overview together. In addition to our help, we can refer you to other parties. Contact us and we will inform you (anonymously) about your options without any obligations.

Together we will look for solutions.
